Our Stories

A homeless senior accepts housing from a stranger and experiences physical and financial abuse. The SRC intervenes, relocates him to a safe environment, regains control of his social security check, arranges bill paying assistance, coordinates transportation to a meal site each day, and refers him to Adult Day Center for socialization.

A family is overwhelmed supporting their mother who has dementia and lives alone. An SRC Specialist helps by providing resources on coping with the stress and provides tools for interacting with Mom.

Ann, who is wheelchair bound, needs help with daily chores. An SRC Case Manager completes a needs and eligibility assessment. Ann now receives daily assistance with personal care, laundry, housework, meals, and errands. SRC interaction with her homemaker lessens Ann's feelings of loneliness and isolation. SRC provides Ann with personal needs that enables her to remain at home.

A gentleman visits an SRC Specialist during Medicare Open enrollment for help in choosing an affordable plan to cover his medical and prescription needs. He leaves the meeting saving \$11,000. Each year, SRC Specialists counsel and educate seniors on available Medicare, Medicaid and benefit plans that maximize retirement income. Seniors in our area this year have collectively saved over \$138,000.
